MEMORANDUM FOR CHAIRMAN, UNITED STATES INTELLIGENCE BOARD

SUBJ: Discrepancies in U.S. Intelligence Community Data on Shipping to Cuba (U)

REF: (a) USIB-AM-63/14 dtd 15 Mar 63

1. In response to the reference action memorandum a review has been made by ONI and CIA of the procedures followed in the production of intelligence reports on ship arrivals in Cuba.
2. ONI and CIA have reached an agreement that will resolve differences in reporting at the SECRET level by the adoption of agreed criteria and coordination of intelligence on this subject.
3. Heretofore ONI reporting to the Department of State at the SECRET level and CIA reporting at all-source levels have resulted in some minor differences. In the future, such differences will be resolved insofar as practical prior to reporting at an all-source level. In order to establish a firm base line for agreed reporting of this kind it will be necessary to use as a cut-off date the 5th day of the month following collection of the information on Sino-Soviet Bloc shipping and the 10th day of the month for firm Free World figures. Thus the 10th day of the month is considered the appropriate cut-off date for the reporting of all shipping.

NAVY review(s) completed.

Dear General Carter:

Your letter of 22 February was greatly appreciated along with your interest in the Brigade of Midshipmen.

We have five midshipmen in the Class of 1963 who will not receive commissions because of physical defects. The contents of your letter will be brought to their attention. As requested, your letter will be kept in our files for promulgation to future graduates who will not receive commissions because of physical disqualification.

I trust this action will meet with your satisfaction.

Sincerely,
